ABOUT REV. SAYGE

Rev. Sayge Whitesong has been guiding & assisting people in their lives for over 30 years with their life contracts. He currently lives in Ontario, Canada with his beautiful wife & family. He is an international author, shaman & spiritual educator who was himself educated & trained in the ancient, sacred & traditional ways by spiritual teachers from all over the world. Rev. Sayge, in his spiritual work, channels a spirit entity known as “Zoltach”.

Rev. Sayge is also trained & certified in many eastern & western healing modalities and he often combines both the traditional & non-traditional wellness systems to assist those who seek his experience & counsel. He has always believed in being of service to others & giving back to his global community whenever possible. In keeping with these beliefs he dedicates his time and mentors children, homeless at risk youth and seniors, teaching them valuable life skills and life enhancement programming.

Together Sayge & Zoltach continue to change the lives of those they meet everyday for the greater good and for this Sayge says “I am both humbled & honoured”.

“Take care Sayge, Thank you for giving me the peace I have been seeking for most of my life, and I hope it will stay with me for the rest of my contract! Love Ya!”

DEEP TRANCE CHANNELLING

Deep Trance Channelling is a mental state of deep trance where the person achieving the trance state is actually removing his or her conscious self. This is similar to going to sleep and talking while in the sleep state. To all outward appearances it seems as if the person doing the trance is sound asleep yet able to talk. Spirit enters the body of the deep trance medium and uses it to communicate with the physical world.

Upon achieving this deep trance state, the medium (the person doing the channelling) “astral travels” and is not consciously aware of the happenings that take place during the session. In order to achieve the trance state the deep trance medium must raise his or her consciousness to a point where greater dimensions are encompassed. In effect the mind is allowed to greatly expand its scope of understanding and its range of perception. At these very high levels the connection with spirit is achieved and information on various subjects is given using the deep trance medium’s body.

Deep trance channelling is very safe and you will witness certain body movements while Rev. Sayge is in trance that are caused by spirit’s integration into his body. This is all part of the trance experience. Please keep in mind there are many different types of channellers in the world and what you are witnessing is called deep trance channelling.

“Last night was amazing...I am still wowing... I went home and told my mom of your abilities, and now we would like to book something.”

WHO IS “ZOLTACH”?

The spirit called “Zoltach” is a warm, loving & gregarious spirit energy that provides valuable life contract information for those who are in transition and seeking guidance along their path. Rev. Sayge is not Zoltach but rather is the person who channels him.

Zoltach uses Rev. Sayge’s physical body to deliver messages to this world. Zoltach has assisted thousands of people from all over the world & from many walks of life with spiritual guidance over the years. Each person has benefited from the straight forward wisdom & amazing energy this spirit brings to life’s most challenging issues.

Zoltach is the “lead spirit” of a council of spirit energies from the source. His own physical past life is that of a Jesuit priest from the 1800’s. His advice is delivered in a warm, understanding and jovial manner and with profound wisdom and is always presented in a way beneficial to the listener.

Sayge & Zoltach have been featured many times on TV & international radio. They continue to reach out to a global audience to educate people on their life contracts, exchange valuable soul code information and impart transitional messages from the other side.

Please note this is not a fortune telling, psychic or mind reader experience; rather it is an empowering spiritual life guidance experience with a powerful spirit energy who will guide and mentor you through some of your most challenging life issues. Zoltach will empower you to do your own personal work & support you by showing you various pieces of your past, present & future life contract(s) each time you see him in the various realities you exist in.

The other person you are viewing sitting next to Rev. Sayge with the notebook in hand is called the “Trance Director” and he or she must be present each time Sayge attempts a trance state. The very important role of the director is first to facilitate the group in all respects. The director is in complete control of the room during the trance session and we ask that you please respect his/her directions and instructions given during the sessions. The next important duty for the director is the protection of Sayge’s physical body while in trance and to monitor his physical energy levels as they can fluctuate. The director also assists the audience with clarifying questions to Zoltach and the answers given back from Zoltach if they don’t understand. The director will also assist the client in many other ways during the session as well as the monitoring time of the session. If you need assistance or clarification during the session just ask the director and she will be pleased to help you. Please note the director has the authority to terminate the session at anytime if she feels there is a danger to Rev. Sayge in any respect or the session has run overtime.

GROUP READINGS

The group reading you are about to experience is an amazing gathering of people & spirit. This room will be full of spirit energy and you will become part of that energy adding to its richness and love. Please know that you were called to be here by spirit whether you are a new comer who has arrived just to check things out or a regular member of the Zoltach community returning for further guidance. There is a reason you are present here in this place and have answered spirit's call. Just be open-minded & listen for the many messages that will be meant for you even in another person's reading who is in this room. You may have felt many emotions or physical reactions from your body prior to getting here today. Everything you have felt is normal as the human body attempts to prepare for the very high spirit energy you are about to experience. We ask that there is complete silence as Rev. Sayge is going in and out of the trance state which may take several minutes. Once he is in trance you are free to stretch & use the washroom facilities if needed.

Upon purchasing tickets for this event each person has been assigned special seating which allows them to ask 1 or 2 questions depending on the seating they purchased. There is also a section of seating which is called "overflow" seating where guests are seated with no guarantee of getting a question but if there is time the director will allow 1 question to be asked by each person in the "overflow" section until time runs out on the session. Please be respectful and mindful of our other guests & our limited time together. Please keep your questions short in explanation & limited to your allotted amount. The director will intervene if abuses of time occur.

****A smudge ceremony may take place in the room you are sitting in prior the reading today which involves the use of sage as an energy cleansing tool. This process creates smoke in the room for a brief period of time. If you have any physical or medical condition which will be aggravated by the presence of smoke please leave the room for a short duration and wait outside until this part of the ceremony is completed.****

If you have to leave early from this session please do so quietly.

QUESTIONS & ANSWERS

People from all walks of life and from around the world have come to seek wisdom & guidance during group sessions from Zoltach. It is very important for you to understand that the answers from Zoltach to your questions may not reflect your personal belief systems or current thinking about a certain situation but this is why you are here to get guidance from spirit. Only ask the questions you are prepared & open to hear the answers to. Remember the more specific the question the better the answer.

I invite you to take this very important & deep guidance you will receive from spirit and sit with it for a while (day, week, month) & contemplate it's various meanings to you. Do not limit yourself & take the answers to your questions at face value only. The answers given by Zoltach are sometimes metaphorical & sometimes literal. Like an onion the information you are given will peel back & unfold and validate in many layers over time even if it doesn't make sense to your ears or conscious mind right away. I encourage you to look for the spirit signs and symbols of validation of the messages you receive today in your everyday life when you leave this group reading. It may be a sign on a building or a truck with a commercial message on it driving by or even a personalized licence plate on a vehicle. It could even be a stranger who you meet that speaks to you and says something interesting that Zoltach talked about in your reading. Expand your awareness during & when you leave this group session.

AFTER THE GROUP SESSION

After the group session is completed please know that you may experience many emotions and/or physical reactions to the energy of Zoltach or the messages you received from him. Please take the time to re-ground yourself and centre your energy before driving home. Take your time and drink plenty of fluids. This has been a powerful spirit energy experience remember.

Although he would like to remain and speak to everyone Rev. Sayge is very tired after a group event trance session and needs his rest and so he will be unavailable to socialize after the trance session. If you want to make an appointment to consult with him please let one of the event staff know & arrangements can be made the following day or at a later time.

PRIVATE READINGS & WISDOM CIRCLE GATHERINGS

PRIVATE READINGS

Private 30 min readings are offered traditionally the day following a group event. These must be reserved in advance of the day. After this group reading if you wish to schedule a private reading with Rev. Sayge & Zoltach then please see one of our event staff.

WISDOM CIRCLE GATHERINGS

Please ask about a Wisdom Circle Gathering with Rev. Sayge which is usually held the morning or evening following a group reading.

The wisdom circle is a small gathering of like minded local community folks who enjoy some drumming time (even if you don't have one), meditation and communicating about issues that affect the local community and themselves personally. This ancient practice has been done for centuries in traditional communities around the world and is still practiced today.

Through intimate discussion on issues raised with spirits guidance we heal and create progress towards openness & community togetherness. This event is usually conducted by candle light & is held in a very traditional way.

BOOKS & MERCHANDISE

Rev. Sayge's best selling channelled books & Zoltach t-shirts are available for purchase at this event. Please see the event staff for further information.

IN CLOSING
